

LAND ACCESS PROGRAM APPLICATION

PROGRAM DESCRIPTION

The Land Access Program (LAP) provides land use agreements to area farmers of varying farming experience and scale. Currently, the use agreements include land, irrigation water, and dry storage. LAP is public land located at the Historic Poor Farm which is owned by Johnson County and is developing under a 10-year master plan that includes improvements to the historic, recreation, local food production, and land conservation elements on site. If you have questions about the public use of this land and the proposed future improvements, please refer to the master plan located on the Johnson County [website](#) or contact Jason Grimm at jason@ivr.cd.org.

Names of All Farmers:

Business Name, if applicable:

Contact Person

You will be contacted at the above address for all official documents. It is up to the applicant to keep their contact information updated. For any changes to this information, submit them to Jason Grimm at jason@ivr.cd.org.

Please email this form electronically to jason@ivr.cd.org

Application Questions

1. Describe your interest in farming and explain why you want to be a farmer?
2. Describe the farm you wish to establish at the Historic Poor Farm. What crop(s) do you plan to grow and what size do you want your farm to be? Tell us the minimum and maximum amount of land you are interested in farming.
3. What markets are you planning on selling to? Why do you think your products will sell? Have you done any market analysis or research?
4. Describe your previous experience farming.
5. List your farming strengths and weaknesses. For example, you are skilled at operating agricultural equipment.
6. How will you overcome your challenges and improve upon your weaknesses while farming?
7. If you are accepted, how do you see your farm in three years? Do you envision transitioning off after your three-year tenure at the Historic Poor Farm is complete?
8. No housing is located on site, thus you will need to commute to the farm. Describe a typical schedule you may have at the farm. For example, you plan on working on the farm Mondays, Wednesdays, and Fridays between 8am and noon and evenings after 5pm.
9. Is there anything else about you and your plans that we should know about you at this juncture?
